## How do I activate my Auto-Mate software?

From the Auto-Mate toolbar click the Tools button.

Then enter the activation key that was emailed to you after purchasing Auto-Mate:

Activate
Activate License This window will allow you to activate your license. Please copy and enter the licensing information provided to you upon purchase of your product.
Activation Key:
Configure Proxy Purchase License Activate License Cancel

Your company may require that you use a proxy server to communicate with outside services. In this case contact your System Administrator for the settings required on the *Configure Proxy* window.
