What new features are there in Auto-Mate 3.0 compared to previous versions?

Auto-Mate 3.0 New Features

Here's a list of new features compared to older versions:

- A new, updated user interface.

- Match AND, OR and NOT expressions.

- Cut your rules in half, only one rule required for FROM/TO message filing.

- Filter messages by categories.

- Filter messages that contain attachments.

- Filter messages by size.

- Filter messages by phrases in the raw email header.

- Filter on blank Subject lines.

- Reply to messages with HTML based templates.

- Print messages.

- Play sounds.

- Permanently delete messages.

- Show Desktop alerts.

- Better rule scheduling.

- An improved Setup Rules and Folders wizard.

- 64 bit support.

- and more...

Auto-Mate is still available in two versions, Standard and Professional. You can even convert your existing rules with ease to the new format.
